

About Dubai Electronic Security Center

The Dubai Electronic Security Center (DESC) is the official government department entrusted to make Dubai the safest city in cyber space. The center was established under decree number 11 of 2014 by H.H. Sheikh Mohammed bin Rashid Al Maktoum, Vice President, Prime Minister of UAE and the Ruler of Dubai.

The Center's objectives include safeguarding information, communications network and governmental information systems in the Emirate of Dubai in addition to enhancing, adjusting and implementing the necessary methods in the realm of cyber security and raising efficiency by which information is maintained and circulated among the governmental entities in the Emirate. Additionally the center is also responsible to develop the strategic plans to confront any risks or threats to the government information in coordination with all concerned government authorities.
